

Gentle Footprint Grants

How To Get The Money

1. Property owner indicates interest and contacts Project Coordinator
2. Property owner gets preliminary approval and application from Project Coordinator
3. Property owner submits signed application with work plan to Project Coordinator
4. Healthy Lakes and BLCA accepts [or rejects] application. Reimbursement will be at 50% of property owner's expense not to exceed \$1500. In kind labor will be calculated at \$15/hour
5. Property owner obtains permits from county and/or DNR [if needed]
6. Property owner and others [e.g. contractor, BLCA volunteers, Sherburne Soil and Water, etc] install the projects
7. Healthy Lakes monitors project installations
8. Healthy Lakes [and county where appropriate] does final inspection
9. Property owner pays for the project and submits receipts to Healthy Lakes for reimbursement

Property Owners Get The Money!
