

Three Lakes Improvement District & Briggs Lake Chain Association

Joint Meeting

October 16, 2019

6:00pm – 8:00pm

Palmer Town Hall

Agenda

1. Update on Watershed-Based Planning for Sherburne County, 30 mins
 - Dan Cibulka, Sherburne SWCD, will provide an overview of state-funded, locally led programs that aim to assess watershed conditions, develop protection and restoration approaches, and provide sustained funding for implementation.
 - Discussion will be had regarding the gradual transition from County-based planning to Watershed-based planning.
 - Information will be shared on the dissolution of the Elk River Watershed Association, and the programs that will take its place.

2. Water Stabilization Study Update, 90 mins
 - During summer 2019, Briggs Chain volunteers completed water flow and water quality monitoring with assistance from Sherburne SWCD, Wenck Associates and the Minnesota Pollution Control Agency.
 - A summary of this new data will be provided. Discussion will be had regarding next steps for assessment and planning.
 - Potential funding sources exist for water stabilization projects - several options will be discussed.
