James Johnson needs to complete his survey first and submit to the DNR to obtain proper permits before they spray. PLM paid for the newspaper announcement regarding spraying.

Floating Weed Removal : the BLCA is taking the lead on this.

Alum Treatment: Dan C. is pretty confident that we may qualify for a grant for an Alum feasibility study. This study could cost around \$42,000. He is working closely with Scott on this.

TLID Terms and Candidates: We will have two open positions coming up. Elections take place in August at our annual meeting. All board members need to be recruiting members who may be interested in serving. We should all report back at the next TLID meeting in June with any interested people.
